Dear Dr Pirie,

Thank you for your letter about the book. I am indeed proud to be allowed to write a few sentences of commendation, and enclose them on a separate sheet. Your generosity is something that makes some of us feel a bit ashamed.

So far as the book is concerned, I shall look forward to its appearance, and shall do my best to propagand in its favour as soon as it is on the stalls.

I wish that other people would do this sort of thing. Oxfam is grateful.

Yours sincerely,

C.A. Coulson
